Variti Active Bot Protection®

Malicious bots pose a real threat to businesses and reputation.
Mitigate those risks with Variti Active Bot Protection® technology.
Common approach

Blocking by IP results in a large number of legitimate
users being unable to access there services

Protection starts after the application is down

Variti Active Bot Protection®

Variti Active Bot Protection® acts selectively by
blocking only malicious requests

Variti Active Bot Protection® mitigates threats in
real-time as of the first bad request
