UCOPIA is the European leader of Wi-Fi connectivity and customized proximity experience (UX). The company capitalizes on the very strong potential of wireless networks to transform the way we work, collaborate, communicate, learn and enjoy. UCOPIA access management solutions are secure, easy to use, and adaptable to all heterogeneous and complex environments. UCOPIA transforms the Wi-Fi network into an intelligent proximity media. The Wi-Fi analytic offer a way to enrich the customer experience by giving it the right information at the right time and in the right place.
